MUSIC IS MEDICINE

Live Music Performance (30 - 120 minutes)

Elexa Dawson creates community-focused Americana music where sultry soul meets rural roots. "Music is Medicine" brings her storytelling to life through transcendent melodies connecting land-based musical programming to folk stages, and interactively connecting audiences to Potawatomi language, themes and concepts.

Educational Programming (30 minutes - 4 hours)
topics such as "Land-based Songwriting", "The Power of the Voice", "Medicinal Gardens" and "Seed Songs", developed and adapted for your community and audience.

CUSTOM PROGRAMMING CHALLENGES ALWAYS WELCOMED!

"Every community is different, and I love creating unique experiences that connect people to the lands that sustain them, and the local communities of plant and animal nations with whom we share our resources. Culture is what we cultivate and I believe the answers lie on the land."
